What you'll need:	<ul style="list-style-type: none"> - 1d6 and 2d10 (or a d100 if using a phone app) - A league sheet like this - A scoresheet (on the back of this page) - Pen/pencil 	Gameflow:	<ol style="list-style-type: none"> 1.) Roll the d6 to determine who takes a shot (1-2 home, 3-4 visitor, and 5-6 no action). 2.) If the d6 is 1-4, roll the 2d10 to determine action. 3a.) If the 2d10 indicates a goal or shot off target, mark down the result on the linescore. 3b.) If the 2d10 indicates a SOT, re-roll the 2d10 against the defending team's GK Rtg. A result larger than the GK Rtg is a goal. Mark down the result. 4.) Repeat the process for the next game segment.
How to play:	<p>Each match is broken into thirty 3-minute segments, plus additional segments for stoppage time in each half. Rolling the dice reveals the action: the d6 indicates whether one of the teams attempts a shot or not. If a shot does occur, refer to that team's chart and find the number.</p> <p>For each segment, jot down the action in the appropriate team's linescore: either S (shot), T (shot on target), G (goal), PKX (missed penalty kick), PK✓ (successful penalty kick), or X for both teams (for no action). Always play with one additional segment for stoppage time, but add 1 segment for every goal scored in that half.</p>	Penalty kicks:	<p>You can play with PKs if you choose. A PK can be awarded on a d6 roll of 5 (home) or 6 (visitor) and a 2d10 roll of 98 or higher. The method to resolve a PK is as follows: (1) Roll d6 to determine accuracy: 1-5 is on target, 6 is not. (2) Halve the defender's GK rating, rounding up (i.e. 85 becomes 43). (3) Roll the 2d10; a result higher than the halved GK rating is a goal.</p>
