## 2026 Men's World Cup Group Stage (Draw Your Own Groups)

Divide teams by pot number. The host nations (Canada, USA, Mexico) from pot 1 have pre-determined positions. Six nations from pot 4 also have pre-determined positions. Final groups should have one team from each pot with each from a different continental association, so shuffle the pots and draw accordingly.

Top 2 teams in each group qualify for the Knockout Stage. Then, rank all third place teams by points (tiebreakers: GD followed by GF); the top 8 third place teams qualify as well.
